# PREFACE

UniKL Teaching Alive Symposium 2021 was conducted online and attended by more than 100 participants. The goals of this symposium were to provide a venue for our lecturers, management, and students to share creative ideas for making teaching and learning (T&L) enjoyable activities and life experiences during the pandemic Covid-19 in 2020 and 2021. The symposium focused on VUCA, which stands for Volatility, Uncertainty, Complexity, and Ambiguity.

This book contains the processes of running the symposium and have been organised chronologically for ease of understanding and navigation.

We want to take this opportunity to thank all of the symposium's participants as well as all parties who have made significant contributions to the symposium's success.

We hope that this book will be useful to researchers in all areas of teaching, learning, and education.

# INTRODUCTION

## Background

UniKL Teaching Alive Symposium 2021 or also known as UniTAS2021 is a biennial internal symposium that was conducted at UniKL. The symposium was organized by Centre for Student Development (CSD) and targeted all Student Development (SD) lecturers and staff under the governance of CSD including:

- Lecturers of English courses
- Lecturers of Foreign Language courses
- Lecturers of MataPelajaran Pengajian Umum courses
- Lecturers of Huffaz Professional
- Counselors

The first UniTAS was conducted in 2019 at UniKL City Campus with the theme of Teaching on the Sans Frontiere. The main objective of UniTAS20219 was to explore the teaching that goes beyond the classroom setting. With that in mind, UniTAS2021 was organised around the theme of Showcasing Excellence - Tribute to 2020 T&L Practices during VUCA. UniTAS2021 was held in September 2021 at UniKL City Campus in a fully online mode. UniTAS2021 has successfully served as a platform to showcase creative ideas embarked by our lecturers, managements, and students in making teaching and learning (T&L) as fun activities and life experience during the pandemic Covid-19 in 2020 and 2021. The symposium centralised on the idea of VUCA, which can be defined as Volatility, Uncertainty, Complexity and Ambiguity.

The symposium was conducted fully online, utilising various social medias available including Facebook, Youtube, and Microsoft Teams. The symposium provides various opportunities for lecturers and staffs to improve their digital skills and research skills, which was evidenced by the trainings provided during the Pre-UniTAS2021 Workshop. The participants are also equipped with various information and knowledge during the Post-UniTAS2021 Workshop, where the focus was directed to publish their article in any reputable journal publication.

UniTAS2021 has received 56 abstract submissions, 32 video submissions and 29 full paper submission. The best 11 paper has been selected and allocated a slot for publication with Asian Journal of University Education (AJUE) by UiTM which is an international open online refereed scholarly journal. The journal is currently indexed in SCOPUS, ERIC, MyCite, DOAJ, EuroPub, ACI, DRJI, OCLC WorldCat, and ADL.

# UniKL TEACHING ALIVE SYMPOSIUM 2021

“Showcasing Excellence – Tribute to 2020 T&L Practices during VUCA”

Live on  **LIVE** UniKL Page &  Microsoft Teams

14 - 15 September 2021  
(Wednesday & Thursday)

The Centre for Student Development of Universiti Kuala Lumpur (CSD) will hold the UniKL Teaching Alive Symposium (UniTAS) 2021 in September 2021. It aims to be the platform to share experiences, excellent ideas initiated in classroom practices during the COVID-19 pandemic that hits the world in 2020 recently. Lecturers at UniKL were expedited to the IoT phase at a rate faster than expected. The UniTAS2021 will be conducted fully on the online mode. UniTAS2021 will also be hosting an engaging Pre-Symposium workshop for all expected participant of the UniTAS2021 to help them prepare for the symposium as well as the submission of the full paper to various selected journals. We expect presentations from the subject matter experts (SMEs) on English subjects, Foreign Languages, Mata Pelajaran Umum, and Ulul Albab Program. Spearheaded by the Student Experience Section (SES) in CSD, UniTAS2021 will open the invitation to our sister sectors at UniKL to participate and have a chance to share their ideas too.

## Welcoming Remarks

Ladies And Gentlemen

As an advisor to the UniTAS2021, it gives me a great pleasure to welcome YBhg. Prof. Dato' Dr. Khairanum Subari, the General Chair for UniTAS 2021 to UniKL Teaching Alive Symposium 2021. UniTAS 2021 is a brainchild of our dear Prof. Dato', curated by Student Experience Section, under Centre for Student Development. We are so please that you here with us today and tomorrow.

I would also like to take this opportunity to welcome our keynote speakers, Orang Kaya Kaya Imam Paduka Tuan Perak Dato' Dr. Afifi Al-Akiti and Prof. Dr. Shahrulniza Musa and guests from all over Malaysia to share their knowledge and vast experience in this symposium.

The wonderful thing about UniTAS2021 is the fact that it is the first teaching and learning symposium with papers submission conducted under Student Development & Campus Lifestyle Division. The theme for this symposium, "Showcasing Excellence - Tribute to 2020 T&L Practices during VUCA", is aligned with the current situation the world is facing. The symposium is conducted entirely online via various social media platforms.

For your information, there have been various knowledge enhancing activities conducted before the symposium. These activities included Pre-UniTAS 2021 Workshop, Mendeley Online User Training, and various meetings and discussion sessions held with various trainers and peer reviewers. I would also like to highlight the many initiatives that we have taken prior to the symposium: the development of UniTAS 2021 Website, UniTAS2021 Support Group, and engagement with Emerald Publishing. We are very grateful for the tremendous support we have received in ensuring the success of this symposium.

The primary outcome of this symposium is to serve as a platform for all SD lecturers and staff to share their research in their respective categories. In addition, we aim to create opportunities where bright minds can share ideas and exchange experiences in T&L during this period. I hope that the symposium can allow participants and attendees to broaden their views. My sincere request is for all participants and attendees to fully utilize these two days to the best of their abilities.

Lastly, thank you for your participation and have fun!

## Opening Speech

It is a great pleasure for me to be given this opportunity to address these esteemed crowd. I remember it well back in 2019, when SDCL, specifically CSD, initiated the event focusing on Teaching Alive. In 2019, the Teaching Alive carried the theme of Teaching Sans Frontiere or Teaching Without Borders. During that symposium, the academicians of Student Development Section were exposed to various fun teaching strategies by locally acclaimed educators and practitioners. The sole purpose of the symposium was to enhance the existing knowledge, to cultivate innovative ideas that academicians could then take to the classrooms through creative networking activities. Back in 2019, we could all still manage to come together physically in the same big hall for this event.

Unfortunately, in 2020 and 2021, we are still confined under the Movement Control Order due to the pandemic Covid-19. However, the current situation should not be a reason to deter us from organising such a symposium to share knowledge and experience. Therefore, all praises are to Allah S.W.T that CSD is given the strength to organise this online symposium known as UniTAS2021 with a new approach.

If we remember, in 2019, we sat, listened, asked questions and we shared ideas on how to make our teaching more alive. In 2020/2021, we continue to come up with a symposium where educators in Student Development can share ideas on how to make the classroom come to life during this VUCA (Volatility, Uncertainty, Complexity and Ambiguity) situation - where all teachings are conducted online. I am definitely looking forward to listen to every presentation. This knowledge sharing has been made possible since this symposium is conducted online and will be conducted via pre-recorded session.

Alhamdulillah, this year, the committee has taken a giant baby step, challenged themselves, and planned to publish a journal for all the submitted papers to UniTAS2021. The committee has managed to build a strong network amongst the publishing community in the same domain as ours. Alhamdulillah, it is another milestone towards more extraordinary achievement in the future.

Ladies and Gentlemen,

As a General Chair to this UniTAS2021 and UniTAS in general, I would like to express my gratitude and on behalf of Student Development & Campus Lifestyle to a long list of individuals and divisions that has made this event a success. Although, my list is not in order of preference, I would like to thank CoRI and team, Tunku Azizah Knowledge Centre, my beloved SDCL family members who participated as authors, peer reviewers, editorial board with which it would be a challenging task for the committee to proceed successfully.

We are also blessed with the presence of our keynote speakers, YBhg. Orang Kaya Kaya Imam Paduka Tuan Perak Dato Dr Afifi Al Akiti, one of our members of UniKL Board of Directors and YBhg. Prof. Dr. Shahrulniza Musa, our Deputy President Academic & Technology who will be sharing their thoughts live via our chosen medium.

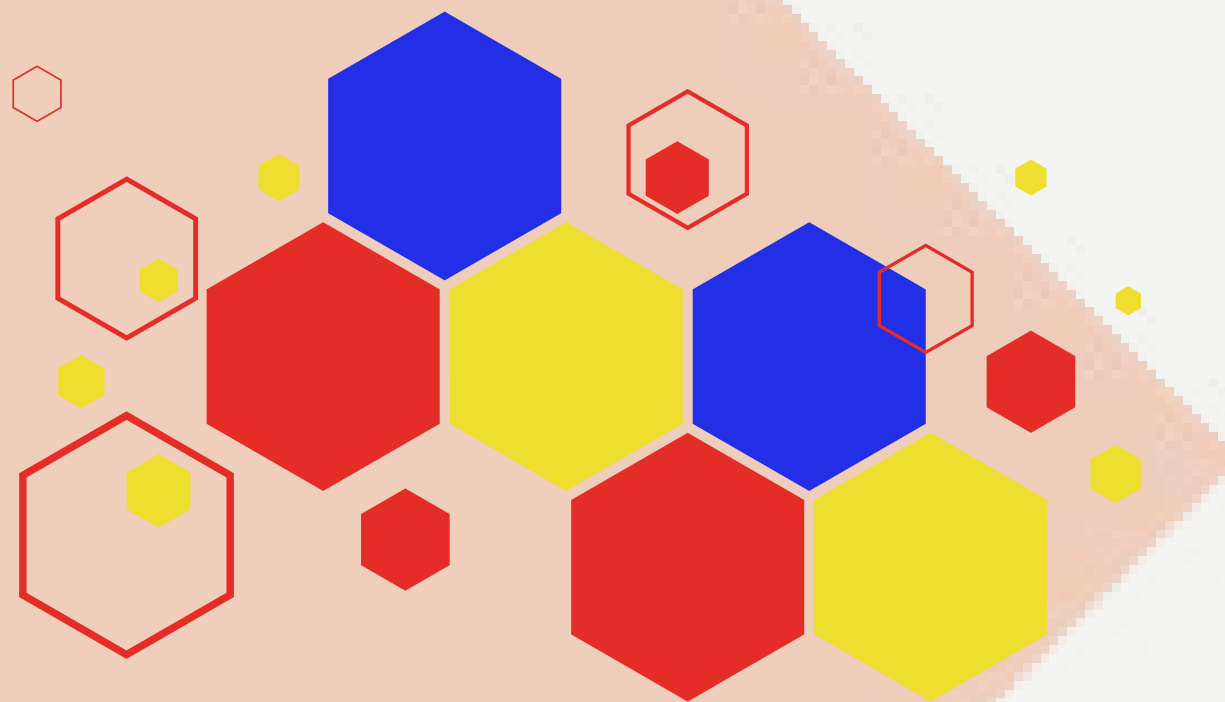

## Opening Speech

Finally, I would like to applaud the CSD Student Experience Section team and their hardworking committees for successfully organising this event and for registering our very own UniTAS journal that is yet to be confirmed. We pray for Allah's blessing that this event will run smoothly and that its outcomes will benefit all. Thank you all for the unlimited and unconditional support given to UniTAS team.

With Bismillah Al Rahman Al Rahim, I officially declare the UniTAS2021 open.

Enjoy the symposium and may we all benefit from the sessions provided during these two days.

Ladies And Gentlemen

Alhamdulillah, all praise to Allah swt that we have finally arrived at the finishing line of what started earlier this year. I could not thank everyone enough for all the supports given throughout this journey. I hope this overview will cover my appreciation to all involved. If not, I beg for your forgiveness.

## Opening Remarks

Our journey for UniTAS2021: Showcasing Excellence Tribute to 2020 T&L during VUCA (Volatility, uncertainty, Complexity and Ambiguity) has its predominant steps started as a brainchild of our beloved Deputy President SDCL, YBhg. Prof. Dato' Dr. Khairanum Subari, who initiated the 2019 Teaching Alive Symposium: Teaching Sans Frontiere. The UniTAS2021 is the harvest of its previous symposium. During this symposium, we invited all lecturers under Student Development to share their experiences during the pandemic as Covid-19 MCO was declared in March 2020. Furthermore, as T&L-related activities were conducted online, we saw opportunities to host a platform for our lecturers to share their classroom innovations and publish their findings. Hence the journey began.

I want to thank the USC members for approving this proposal. The result brought us together here today. YBhg. Prof., to set up this UniTAS to be successful, we received help from unbelievably various sectors in UniKL. During our Pre-UnitAS Workshop, we received help from our expert lecturers and staff from UniKL MIIT, Mdm Roslina Jaafar and Mr Adil Akmal Mohamad Rasid, for helping the participants on how to create an exciting self-video for the presentation. CoRI, led by AP. Ir. Dr. Mohd Khairil Rahmat and his team have assisted us in exploring the possibilities of the grant application and publishing processes in UniKL. AP. Dr. Megat Farez Azril Zuhairi and AP. Dr. Cordelia Mason helped us by bringing her PhD students and Mr William Goh from the publishing house to share the journey it takes for any authors to publish their manuscripts from the start to the end. AP. Dr. Kelly Yong Tau Len walked us through TURNITIN, an enjoyable journey. We finally have a session with Dr. Wardatul Aisyah Musa and Dr. Aizat Khairi to pin our main focus: producing manuscripts. Last but not least, we received training from our Tunku Azizah Knowledge Centre on managing our references through Mendeley.

To add to the list, we have Mr Azrul Hisham Abdul Rahman as our celebrated master of ceremony and our Al Fadhil Ustaz Dr. Aladin Mamat to lead the doa recitation. Dear all, I thank you so much for the contributions. The last two days we gathered during the live session thru Opening session, keynote speeches by YBhg Orang Kaya Kaya Imam Paduka Tuan Perak Dato' Dr. Afifi al Akiti Teaching and learning in the VUCA World and YBhg Prof. Dr. Shahrulniza Musa on Positive Education: Filling the gaps of T&L in the new normal, that was not only eye openings but also mind blowing. I do hope that we have a take home message from everything that was served on the platter. We the committee do face the VUCA situation ourselves during the planning of this UniTAS 2021. Believe me not that the experiences are priceless.

YBhg. Prof., ladies and gentlemen;

All research will not end at the presentation at any conferences or seminars. It will continue its journey to a renowned journal or a publishing house. As part of the journey, we also received help from other existing journals that are willing to accept some of our manuscripts that meet the Scopus quality for publication in their Scopus indexed journal. So, we realised that it is adamant that we also have our journal that we will feed and let it grow into Scopus or hi-indexed journal in a few years to come.

## Opening Remarks

YBhg. Prof., I would like to take this opportunity to acknowledge 32 presenters of this UniTAS2021 as we put their names down in the history of UniTAS as the founders of our baby journal. We also would like to announce our open invitation to all our peer reviewers to be on our Board of Editors led by our very own AP. Dr. Megat Fariz Azril Zuhairi. Last but not least, my gratitude goes to our General Chair for UniTAS, Prof. Dato' Dr Khairanum Subari, our Advisor who works tirelessly with us, AP. Dr. Tuan Salwani Awang @ Salleh, our Secretariat Dr. Afifah Abd. Rahim who has been tremendously awesome and efficient, Nurfaten Farahana Rosme and her team from CBSCD, Mr. Muhammad Aizat Mustaffa, Mr Asyraaf Syahmie Hasri and Mr. Muhammad Afiq Kamal Ariffin, for their tremendous assistance throughout this UniTAS2021. Last but not least the one team that everyone loves to work with, Pn Juraya and her super calm team Ms Fairuz and Mr Effendi.

With that YBhg. Prof., I would like to thank everyone for their support, and on behalf of the Organising Committee, we would like to apologize for all the shortcomings. Do continue to visit our website of UniTAS as well as our UniKL Teaching Alive Youtube. Watch, like, share and comment. We will see everyone again in UniTAS 2023.

Wabillahitaufig wal hidayah wassalamualaikum warahmatullahi wabarakatuh.

Senior Management Members Of Universiti Kuala Lumpur

Ladies And Gentlemen

It has been a pleasure to address everyone at the UniTAS2021, which I understand is the first of its kind to be organized after a few baby steps were taken in this direction.

## Closing Speech

My heartiest congratulations to YBhg. Prof. Dato' Dr. Khairanum Subari as the General Chair of UniTAS, YBhg. AP. Dr. Tuan Salwani Awang @ Salleh as the Advisor of UniTAS and all the Organizing Committees for reaching this far. As teaching and learning is the core business of any university, any approach to enrich, accommodate, innovate, and further develop all these aspects into a new dimension should be taken seriously by the university's management. At the university management level, we take pride in the efforts of all lecturers participating in UniTAS2021 to promote current practices at UniKL during this challenging period of the VUCA (Volatility, Uncertainty, Complexity and Ambiguity) situation.

Ladies and gentlemen;

As I was listening to the speech from the Program Director, Ms Noraishiyah Abdullah, I noticed that they had done a lot of positive and productive networking sessions, working across various Centres, Divisions, and external parties. Congratulations! All the networking they have built will become very precious soon to themselves and UniKL. What's important is how to use this networking and expand it for the benefit of teaching and learning in this forever-changing world that we live in.

To all the participants, some I heard are newcomers to this world of publishing, may this first-time experience grow into a well-established ground in academic publication. You have been exposed to explore your strength either in journal publication, book chapters, or book publication, which I believe is a priceless opportunity that rarely comes by. I hope that the spirit is still growing, glowing and the feeling of ever wanting to publish more will always be strong.

I would like to take this opportunity to congratulate the UniTAS2021 team on their efforts to register their journal, which I wish to find its footing in the future, nationally, regionally, if not internationally. All in all, for this UniTAS to succeed in the future, it will need contributions, support, and efforts from everyone. Under the purview of our Deputy President of Student Development & Campus Lifestyle cum the General Chair of UniTAS, I firmly believe that could be made possible. To all winners that will be announced shortly, I wish to congratulate you for an excellent submission and for those who missed out, let's hope that this will motivate you to keep trying. I heard that there would be UniTAS2023, so please prepare early and hope to get more participation from not only UniKL, but from both local and international universities.

Ladies and gentlemen;

Last and not least, I wish to assure you that every effort in making UniKL visible and a better place to welcome our young generation to pursue their dreams COUNTS. With Bismillah Al Rahman Al Rahim, I officially declare the UniTAS2021 CLOSE.

See you at UniTAS2023, in shaa Allah.

Wabillahitaufiq wa hidayah wassalamualaikum warahmatullah wa barakatuh.
